December 13, 2012

Special Alert to Georgia licensees:

Due to recent legislative changes involving the Citizenship verification that is now required for all licensees at renewal, renewal processing in Georgia is backlogged and behind schedule.

Please know that the Department and its vendor are working diligently to ensure all renewals are processed before December 31st.

However if there are renewals that have been submitted and not processed by December 31st – the Department will continue processing these renewals until all have been updated.

We are asking Insurers and companies to be patient as the delay in a licensee being able to provide a copy of their new license card is not necessarily their fault at this point due to this time delay with renewal processing.

If you have submitted your renewal and payment but have not submitted your Citizen Affidavit and ID – please upload via our website: <http://www.oci.ga.gov/iform/>

Thank you for your patience during this difficult time.
