2008 ENGINEERED FIRE SUPPRESSION SYSTEM

In pursuant with the Official Code of Georgia, and Chapter 120-3-23 this application shall be accompanied with the following documents:

1. Proof of a valid comprehensive liability insurance policy in the minimum amount of \$1 million purchased from an insurer authorized to do business in Georgia. The coverage must include bodily injury and property damage, product liability, completed operations, and contractual liability.
2. A copy of notification from the National Institute of Certification in Engineering Technologies (NICET) denoting an employee of this company has successfully completed Level III, Engineering Technician, Special Hazards examination, when the company is to engage in the installation, inspecting, recharging, repairing, servicing and testing of Engineered Fire Suppression Systems.
3. A copy of the Articles of Incorporation documents issued by the Secretary of State Corporation Division.
4. A copy of DOT approvals and renewals if applicant engages in hydrostatic testing of low pressure DOT specification type cylinders and/or high pressure DOT specification type cylinders for extinguishers.

I certify that the requested documents required and in pursuant of Chapter 12 of Title 25 of the Official Code of Georgia, and Chapter 120-3-23 entitled Rules and Regulations for Installation, Inspection, Recharging, Repairing, Servicing and Testing of Portable Fire Extinguishers or Fire Suppression Systems have been provided. I understand that the violation of any provision of Chapter 12 of Title 25 of the Official Code of Georgia, or any rule or regulation adopted and promulgated pursuant thereto, by any person who possesses a license or permit is cause for revocation or suspension of such license or permit by the Commissioner. I fully understand the contents of the application and I certify that the person, stated as having successfully completed the NICET Level III, Special Hazards examination denoting the specific system and areas in which the applicant has successfully been trained and certified for, is an employee of this company. Furthermore, the information on this application and any attachments are correct, true and subject to verification. I authorize any agent or employee of the Office of the Safety Fire Commissioner to conduct a background investigation concerning any information given.
